Top 20 cell types by predicted division rate
spinal cord
forebrain
hindbrain
primitive streak
lateral plate mesoderm
nascent mesoderm
epiblast
intermediate mesoderm
rostral ectoderm
cranial neural crest
surface ectoderm (anterior)
anterior mesoderm
surface ectoderm (posterior)
definitive endoderm
hematoendothelial progenitor
pre-placodal ectoderm
first heart field
gut
somatic mesoderm
splanchnic mesoderm
